

Develop your skills and get a **free** qualification in **Volunteer Management** with West Sussex County Council

Do you manage volunteers? Whether you would like to brush up your skills, enjoy the chance to talk to people with similar roles or simply get credit for the skills you already have, we can offer you support through a programme of informal, friendly, workshops and the chance to gain a nationally accredited qualification. If you already have the skills then you could opt to simply take the exam and get the credit you deserve!

We run effective and enjoyable events with experienced trainers that make for a positive learning experience. All our courses are interactive, relevant and use practical, up-to-date examples which means you can really put your learning into practice. We aim to ensure that you have an enjoyable time that inspires you to make an impact in your organisation. Whatever your learning needs you are valued and supported on the course and if you have any questions when you get back to your organisation, the trainer is always happy to answer those via telephone or e-mail so that you are confident to use your new skills.

Is it really free?

This is the small print! The qualification registration and certification are totally free. To take advantage of the subsidised training you or your employer needs to contribute just £10 to the cost of the workshops (normally £350).

Who can apply?

For a minimum of eight hours per week you need to be volunteering or in paid employment and supporting volunteers (this may be as part of your 'paid' work or as volunteer) and have a contract of employment and a National Insurance Number. You must also live, work or trade in the following sub-regions of the south east:

- Thames Valley (Berkshire, Buckinghamshire, Oxfordshire, Milton Keynes)
- Hampshire, Portsmouth, Southampton and the Isle of Wight
- Surrey
- Sussex
- Kent and Medway
